### MINUTES COMMITTEE MINUTES

The Minutes Committee of the County Commission of Wilson County, Tennessee met in regular session on Thursday, January 12, 2023 in the Upstairs Conference Room at the Wilson County Courthouse in Lebanon, Tennessee. The meeting was advertised to begin immediately after the Education Committee meeting, which it did. Those members present were Commissioners Robert Fields, Glenn Denton, Rick Brown and Danny Clark, being all the members of the Committee with the exception of Commissioner Blake Hall, who was absent. Also present were Director of Schools Jeff Luttrell, Deputy Director of Schools Lisa Baxley, County Mayor Randall Hutto, County Commissioners Bobby Franklin, Chad Barnard, Beth Bowman, Terry Scruggs, Tyler Chandler, John Gentry, Haskell Evans, Jeremy Hobbs, Tommy Jones, Diane Weathers, Lauren Breeze, Mike Kurtz, Wendell Marlowe, Jeremy Reich and Justin Smith and County Attorney Michael R. Jennings.

Chairman Fields called the meeting to order at 5:24 p.m. and determined that a quorum was present.

The Committee then reviewed the minutes from the December 19, 2022 County Commission Meeting.

It was noted that, on Page 2 and carrying over to Page 3, the vote showed 24 present and 1 absent when it should actually be 23 present and 2 absent.

Commissioner Rick Brown asked about the Notary List each month? Are we approving the current month or the previous month? In December, you were approving the list for November.

Commissioner Denton asked if the minutes should include questions and answers on certain issues. He asked if all questions and answers should be included. Attorney Jennings noted that they had not been included in many years and, if you wanted a verbatim account of what happened at the meeting, you would probably need to employ a court reporter to transcribe the meeting.

Motion to recommend approval of the minutes, as amended, was made by Commissioner Brown, seconded by Commissioner Denton and carried by vote of four for, with one absent.

There was no new business to come before the Committee.

There being no further business to come before the Committee, on motion of Commissioner Brown, seconded by Commissioner Denton, the Committee voted four for, with one absent to adjourn at 5:30 p.m.

# WILSON COUNTY GOVERNMENT

Dear Commissioners,

17 January 2023

Happy New Year!

There are several appointments to be made during your January 23, 2023 County Commission Meeting.

You are to confirm my appointment of three (3) members to serve a six-year term, each, on the Sports Authority of Wilson County. I'd like to recommend for your consideration Mr. Rob Porter, Ms. Veronica Bender, and Ms. Jeni-Lind Brinkman.

Mr. Rob Porter is a professional engineer and a founding member of Civil Site Design Group. He has served on many local non-profit boards and is a current member of the Engineering Advisory Board for TN Tech University. Rob joined the Sports Authority in October 2020 to fill a vacancy.

Ms. Veronica Bender earned a degree in Business Education with an emphasis in Accounting from TSU. She worked in the education system for over 40 years and is the current Principal at Friendship Christian. Ms. Bender also serves on the Health and Educational Facilities Board.

Ms. Jeni-Lind Brinkman has served on the board since 2017. She received her undergraduate degree in Recreation and Tourism Management from UT Knoxville and completed her Masters of Science in Public Service Management at Cumberland University. She and her family reside in Lebanon and she is also a former member of the Lebanon City Council.

Ms. Margaret Dixon wishes to resign her position on the Planning Commission. I'd like to recommend that you confirm my appoint of Mr. Jeffrey Turner to fill her position which would expire in December 2025.

[wilsoncountyttn.gov](http://wilsoncountyttn.gov) | phone: 615.444.1383 | Address: 228 E. Main Street, Lebanon

Mr. Turner is a full time dairy farmer and agribusiness owner. He earned his bachelor degree from MTSU in Agriculture Business with a minor in Secondary Education. He currently owns and operates Shop Springs Creamery and Turner Dairy, LLC. Mr. Turner is also the Secretary for the Wilson Co. Ag Hall of Fame Board.

I'd like to recommend that you appoint an additional alternate to the Board of Zoning and Appeals and I'd like to recommend for your consideration Mr. Justin Manning.

Mr. Justin Manning is a native of Wilson County. During college, he began working for a local ceramic tile company. This inspired him to start his own tile installation business in 2020 where he specializes in ceramic tile floors, showers, and kitchen accents. In 2018, Justin decided to try his hand at farming. He currently manages a cow-calf operation and several farms for forage for profit. He has been an official with TSSAA for nineteen years refereeing middle school and high school football games in the Middle Tennessee area.

Also, during the Commission Meeting, you will be a brief presentation from Mr. Alex Johnson. Alex is a seventeen year old Friendship Christian student who has started the wheelchair challenge, "A Day in My Wheels". Alex will be asking you to commit to participating in an upcoming event. More details on that will come later, I just wanted to give you a heads up.

Just prior to the meeting at 6PM representatives from TVA and MTEC will be present for an informational session to explain what happened during the holidays and cold snap with the blackout rollouts. The three city councils and mayors have also been invited to attend this informational session.

If you have questions or concerns about any of these appointments/candidates, please contact me prior to the Commission meeting.

Sincerely,

Wilson County Mayor

## **LAW ENFORCEMENT COMMITTEE MINUTES**

The Law Enforcement Committee of the County Commission of Wilson County, Tennessee met in called session on Tuesday, January 10, 2022 at 5:00 p.m. in the Sheriff's Training Room at the Griffin-Williams Building in Lebanon, Tennessee. Those members present were Commissioners Mike Kurtz, Chad Barnard, Tyler Chandler, William Glover, Jerry McFarland, Chris Dowell and Terry Scruggs, being all the members of the Committee. Also present was Sheriff Robert Bryan, Assistant Chief Deputy Lance Howell, County Commissioners Justin Smith, John Gentry and Rick Brown, Finance Director Aaron Maynard, Chief Judicial Commissioner Lisa Coltigirone, Judicial Commissioner Felicia Hale and Danielle Moore, Legal Assistant to County Attorney Michael R. Jennings.

Chairman Kurtz called the meeting to order at 5:00 p.m. and determined that a quorum was present.

The minutes of the November 8, 2022 meeting were presented. Motion to approve the minutes as printed was made by Commissioner Barnard, seconded by Commissioner McFarland and carried unanimously.

Chairman Kurtz then handed the meeting over to Sheriff Bryan. He gave an update on the progress of the Jail. He advised that they will be meeting with the architect next week to go over the final punch list. Once completed he expects training to take 3-4 weeks in the new building before moving inmates. Once moved into the new area, the renovation of the old building is estimated to take 6-8 months.

Sheriff Bryan then handed the meeting over to Chief Deputy Lance Howell. Deputy Howell presented a Budget Amendment Request for a line item transfer. He advised that this was money that was set aside for tasers that was not used this year. Motion to recommend this Budget Amendment Request to the Budget Committee was made by Commissioner McFarland, seconded by Commissioner Glover and carried unanimously.

Deputy Howell presented another Budget Amendment Request for a line item transfer. He explained that this was money that was to be used for the training academy, however there was no charge for the academy this time and they would like to use that money for uniform replacements and upgrades. Motion to recommend this Budget Amendment Request to the Budget Committee was made by Commissioner McFarland, seconded by Commissioner Scruggs and carried unanimously.

Deputy Howell presented another Budget Amendment Request for a line item transfer. He advised that this was money was non tax-payer money. This will be used for new mattresses, bedding, etc. for the new jail. Motion to recommend this Budget Amendment Request to the Budget Committee was made by Commissioner Scruggs, seconded by Commissioner Dowell and carried unanimously.

Deputy Howell presented another Budget Amendment Request for a line item transfer. He explained that this money was for new vehicles, however they are still awaiting a bill date. They are needing to move this money to maintenance to keep the vehicles they have now on the road. Motion to recommend this Budget Amendment Request to the Budget Committee was made by Commissioner Kurtz, seconded by Commissioner McFarland and carried unanimously.

Deputy Howell presented another Budget Amendment Request for a line item transfer. He advised that this would be used for food as prices continue to increase. In 2021 there was a 11-12%

increase that they were able to absorb using commissary funds. Already this year they are seeing a 25% cost increase. Sherriff Bryan explained that even though they are feeding the same amount, it is costing much more. Commissioner Kurtz asked if the vendors honored their prices for a certain amount of time? Sheriff Bryan answered that they did not. The bid received from the vendor is for that time only and it can fluctuate at any time. Motion to recommend this Budget Amendment Request to the Budget Committee was made by Commissioner Dowell, seconded by Commissioner McFarland and carried unanimously.

Chairman Kurtz called for any new or old business.

As old business, Commissioner Chandler advised that he wanted to make a note that although the noise ordinance vote ultimately did not pass, that does not mean that they have given up on a resolution. He would like to see a resolution met in a right and legal manner.

Much discussion was held about options for enforcement, resolutions, and the legalities for issues of noise disturbances.

Commissioner Breeze asked a question, at the request of a constituent, about the IRS status of the Church and how that played a factor into the issues we are facing.

A concerned citizen from Paige Drive was present at the meeting. He addressed concerns about the Church. He explained he lives about a mile from the church, as the crow flies. He advised that on New Years the noise and traffic were significantly worse. He informed the committee that the traffic on Old Lebanon Dirt Road on New Years was impassable.

Much discussion was held about many options, solutions and resolutions that are being looked into.

There being no further business to come before the Committee on motion of Commissioner Dowell, seconded by Commissioner McFarland, Chairman Kurtz declared the meeting adjourned.

## MINUTES AG MANAGEMENT COMMITTEE

December 15, 2022

**Members Present:** Chairman Terry Scruggs, Commissioner William Glover, Commissioner Jeremy Hobbs, Commissioner Haskell Evans, Commissioner Beth Bowman, Commissioner Tommy Jones, Melanie Minter, Larry Tomlinson, Jason Haley, Jimmy Comer, Lee Clark and Lucas Holman

**Guests:** Helen McPeak, Johnnie Webb, Tim Edwards, Becky Edwards, Jennifer Apala

**Staff Present:** Quintin Smith, Gayle Hibbert, Zendel Murphy and Donna Bane

Chairman Terry Scruggs called the meeting to order at 5:00 pm and acknowledged a quorum was present. Lee Clark led the prayer and Commissioner Tommy Jones led the Pledge of Allegiance. Commissioner William Glover made a motion to approve the minutes of November 2, 2022, meeting. Commissioner Beth Bowman seconded the motion and passed unanimously.

Extension Agent I and County Director, Lucas Holman opened the meeting due to another commitment. We are hiring a new 4-H agent, she starts January 1, Grace Harville, from Smith County, her Granddaddy owns Kemp Brothers Angus Company she has been around cattle. She will be doing the livestock portion for Wilson County. The 4-H swine show was last Saturday in the Pop Smartt barn, we have 23 – 25 swine going to the State 4-H show, the second week of January. Next Monday night is our 4-H Awards banquet, highlighting all that the kids have done from January through December. In January is the County 4-H Public Speaking contest. Last month we had the Women in Ag. Summit, about 109 – 110 ladies present here. We appreciate your support. Mr. Clark made a motion to accept Mr. Holman's report. Commissioner Glover seconded the motion and passed unanimously.

Ag. Center Director Smith stated the Made in TN building according to Tim Stockton is scheduled to be complete about the middle of February. Tables and chairs were not included in the building bid. After researching, we decided the best thing to do is to request money from our fund balance. We do not know the exact amount until the bid comes in. We want heavy duty tables and chairs. Approximately \$75,000 but do not know the exact price until we put it out to bid. Commissioner Jones made a motion to take the money from the Ag. Center fund balance to purchase tables and chairs after we get the bids. Commissioner Glover seconded the motion. Commissioner Glover asked does that include the table & chair holders? Director Smith stated yes, we will put them in the bid request. Commissioner Hobbs asked do we know what the fixed seating capacity is going to be. Director Smith stated we don't know the number yet, but we are constantly needing more tables and chairs for all other buildings. Any tables/chairs will be utilized. Chairman Scruggs called for a vote on the motion, and it passed unanimously.

Ag. Center Director stated we have some parking concerns. The Made in TN building when it is put out to bid only has 6 handicapped parking and a circle to drop people off in the front of the building. The back of the building needs to be paved even though we know at some point in the future we will want to expand the building we got to have it for parking at this time. There is an area across from it that goes behind the metal bathroom in Fiddlers Grove, I think it would benefit the Fair and everyone if it was paved. We can use it for parking. I still have paving and gravel, contracted labor still in our budget that we can use, if it is different, I will bring it back to you. It is my understanding that Storm Water, the area South of the Expo where the pond is located, I think we will be able to get that area rocked for parking. And some parking up the hill toward the police station but that will have to come after The Dancing Lights of Christmas. We have a 3-year contract after this year. We need paving for those RV spots anyway. There are two doors going out to where the plank fence is located. Pipes and sidewalks will be installed. That has been ok'd with Mr. Stockton. The other item we need to discuss is there wasn't any a/v put into the building. I met with the mayor today and everything has come in over. The building total is \$7,132,469. Another problem that we ran into, they had \$25,000 allotted for landscape. The first round of bids was turned down and with the second bid, the lowest bid was \$32,500. That is \$7,500 over we might can pay a portion out of the Ag. Center budget or we may have to come back and discuss it in January. They want to put lights on the flagpole, Sara Patton will get us the flags, but the lights came in at \$14,904. We have decided to wait and come back to you in January.

One of the main things we need to vote on tonight is there 18 acres on Peyton Road that Promotions paid for, we talked about this when we did the deal with the State Fair, it included purchasing real estate. The other piece of land is the entrance by Daniel's Market (Fiddlers Grove). We need a motion to accept the property on Peyton Road \$352,000, it comes out of the State money. Just need a motion and a second to accept those two properties to be put into Wilson County's name at the Courthouse. Commissioner Glover made a motion to accept the mentioned properties to be put in Wilson County's name. Commissioner Evans seconded the motion and it passed unanimously.

Mr. Haley stated just to recap on the Made in TN building we are just going to go as far as we can with your budget on the parking lot. Director Smith stated yes. The asphalt plant does not even open until March. I think we have enough in the budget to get it covered in gravel. We just can't move the dirt as wet as it is right now, if the weather freezes it, then we can move it. The dirt will be moved to the McClanahan's property here on the grounds. That way we are getting it ready for the pavement. We already had to call and tell people that it will not be ready until the first of March. Commissioner Glover asked about the audio. Director Smith said the audio was not included. Commissioner Glover asked how much. Director Smith stated estimated \$150,000, we have another meeting next week. Mr. Comer stated the specs are still being written on it.

Director Smith stated at the last meeting I gave you what Mr. Stockton had given to me on the expenses for the Learning Center/Birthing Barn \$47,000. Now he has given me the update. Studio Oakley Architects \$12,400, Lester Digital \$271.63, Studio Oakley \$9,600, Dean Design Group \$15,199.50, Studio Oakley \$25,000, Dean Design Group \$4,732 for a total of \$67,203.13. That was paid out of the State funding. Questions? Upcoming events: The Dancing Lights of Christmas continues, the tickets that they donated to Fiddlers Grove, for the first time all of those were sold out. We had two hog shows, the mule sale is in January, TN Beef Agribition in March, another mule sale in April and Tri-Star LBRA will be back. Questions? Mr. Tomlinson asked how did the gun show go? Marketing Director Hibbert stated it one of the biggest on Saturday, they were lined up outside for the first 3 hours. We don't have the ticket numbers yet. Director Smith stated the gun show folks did the best they have ever done with the parking. We had lots of problems with other groups renting the Expo and parking in the East/West/Education/Turner Evans/Pop Smartt Barn areas. I must sit out there along with a couple of employees to make sure our groups have parking. Last week we had a big church group in the Education, a lot of that group was handicapped and walking with walkers. At the same time, we had a Veterans group in the East/West with some of the same problems. Director Smith stated that Gayle has in the contract after they unload, they are not to park back here. Marketing Director Hibbert stated they are told verbally, and it is put in their contract, if it applies to them. If I have something just in South Hall, then they are never going to be back here at all. A thought I had was since some of the events are a challenge, I know the Event Planner has an opinion and there are concerns on the Ag. Center side. Since the volume of events have increased so much, more buildings and more people. A suggestion, since I don't have all the answers, maybe we get a group from this committee, a subcommittee to evaluate what we can do to solve this problem. Just putting it in the contract, half the time, they don't read it. We can continue to emphasize it verbally and put it in the contract, but I am wondering if some people who aren't on the Ag side and aren't us, maybe they will have a fresh look at it. Maybe they will come up with a solution that we don't see. Director Smith stated he can tell you the solution. After much discussion, Director Smith stated there has been a large area in the front corner that people aren't parking. My thought is if you put in that they must have parking attendants. So, if you add 4 or 2 parking attendants then we will not have to sit out here and protect the area so that people can get into the buildings. Either that or pay to rent the buildings. Marketing Director Hibbert stated she understands the Ag Center concerns but she also understands the event holder's concerns. That is why I was suggesting, both of those are possible solutions, I don't think either one is ideal. I would love some input. It seems like one event is the bigger obstacle, especially on the Ag side. All I am suggesting is that a subcommittee look into that. Fact is we have had more people on these grounds than we have ever had before, and we have people from the ag side are coming on the front side and people on the front side are going over to the ag side. I don't have the answer, I do put it in the contract. Director Smith stated they all want to park beside the door, and it doesn't matter if you have a no parking sign or not. If this committee is ok with it, I am fine with towing them. Marketing Director asked, can we legally tow them? Director Smith stated yes if they are in a no parking zone, and they have been there 3 or 4 hours and are on camera. Marketing Director Hibbert stated I am asking because it is ag grounds owned by the county as opposed to city streets. I don't know if there is a concern there or not. Mr. Tomlinson asked is the issue coming from people attending the events or the vendors? Ms. Hibbert answered both. Mr. McPeak asked if there is any signage? Ms. Hibbert said load and unload only. Thanks to Quintin for putting up the signs on the fence for me but it hasn't solved the problem either. Mr. Tomlinson stated a relatively easy solution is for the vendors to print up passes or placards that says vendor. Then they are directed to parking and if you come out and they are parked where they are not supposed to be then they are a vendor with a number on the placard that tells who they are then go to them and tell them we are going to give you 20 minutes to get your vehicle moved or it will be towed. Ms. Hibbert stated she sees the value in that, but we don't hand that stuff out, they get checked in by the event planner. Mr. Tomlinson stated then the event planner needs to be responsible. If the event planner is the person that is checking the vendors in, then they are the ones that need to be responsible. Ms. Hibbert stated I have encouraged this particular event planner to have a conversation with Quintin and I told him if he feels like he needs to I encouraged him to go to the mayor. She stated she is not arguing. Mr. Tomlinson stated I am not arguing either I am just trying to come up with a solution. Ms. Hibbert stated he has a responsibility, there is no question. Mr. Tomlinson stated we have an area destinated for vendor parking. Ms. Hibbert stated it would help if the vendor parking was bigger. That is not enough area for everyone to park. Mr. Smith stated all they have to do is go down the chain link fence and I have told them.

After much discussion, Mr. Smith stated he could put up another sign on the chain link fence showing vendor parking. The parking attendants would solve that especially when there has been a problem. Ms. Hibbert stated she is bound by a contract that is already in place through 2025, I believe. Anyway, that was my suggestion trying to problem solve. She stated I think it can be solved but not by one answer such as adding a sign or whatever. Mr. Tomlinson stated it can be solved by someone laying down the law and saying you either park like you are supposed to park or not. Once we had some people that didn't want to do right and we had to show them the gate. Ms. Hibbert are you talking about vendors or event planner. Mr. Tomlinson stated I am talking about vendors trying to come in here and doing things that they weren't supposed to do. Sometimes it was people attending the show that wouldn't act right. At that time, Major Keith and I would sit down with the event holder and tell them we are tired of this and either they do right, or we are going to put them on the by-pass to go home. After we put 3 or 4 out the gate, the rest of them fell in line. Sometimes, you or Quintin just have to tell those people. I am sure that Helen, Terry or Jimmy has the same thing with some of their people. Just people not wanting to conform to the rules. Sometimes you just have to tell them, if you aren't going to conform to the rules then you have to politely say you aren't welcome here anymore. Mr. Tomlinson stated the improvements that were made to the south side of the driveway last year by putting the runners out like on the other side has worked well. Chairman Scruggs asked for a motion to approve this report. Mr. Tomlinson made a motion to approve the report as given, Commissioner Bowman seconded the motion and it passed unanimously.

Chairman Scruggs called for the Expo report. Marketing Director Hibbert stated she handed out a report and realized the 2021 wasn't changed to 2022 calendar year. It is a comparison from 2021 to 2022. Biggest difference in 2021 we had the \$50,000 from the cares act. That accounts for some of that profit. This year we don't have December in the report, and it is proving to be a lot more robust than it has been in the past. Right now, we are about \$114,000 in profit for this year. February calendar is changing so I gave you January. In June & July a couple of big religious conferences coming in which I have figured out is a sweet spot for us. They don't require a lot from us, and it gives Jason with the CVB an opportunity to get them out in the county. We have a couple of those in 2023 and we are excited about that because they come in and don't ask a lot from us and they are here 4 or 5 days. We have some big new events coming in 2023 that take the building for several days which is ideal. Questions? Commissioner Glover made a motion to accept the Expo report, Commissioner Bowman seconded the motion and it passed unanimously.

Executive Fair Director Helen McPeak stated the fair will be August 17 – 26 next year. We have already been in planning meetings all day today. We will still use the 95 reasons to celebrate Tennessee and add all rows lead to Tennessee. The agricultural commodity will be the year of the corn. It will be a fun year, lots to do and lots to plan. Chairman Scruggs called for questions for Helen. Mr. Comer gave a brief update over the last two years we have been pushing for infrastructure around these grounds not just because of the fair it is needed 52 weeks of the year. We have identified 3 areas, the interchange improved to help get traffic off the interstate. Worked on widening Peyton Road and to make it a 4 lane all the way down to the end of our property which is now extended with the 18 acres. The city is going to get us an estimated cost, but we are guessing a 3- or 4-million-dollar project. Mr. Comer stated that John Rose has put 2 million in the federal budget, and we hope to know more in a week or two on it. We hope that TDOT will provide 50% matching funds. The other thing we identified was widening the road in front of the fairgrounds to relieve the bottleneck after you pass Lebanon Distributing coming this way and past the police department coming across front of these grounds. TDOT has done some work on it and a guess estimate is about 60 million dollars. But does have serious consideration from TDOT. We had a meeting with the assistant TDOT commissioner 2 years ago. With the help of the department of agriculture we have a meeting on January 17<sup>th</sup> who is the TDOT commissioner, Mayor Bell, Mayor Hutto and we are going to the department of agriculture facility to meet with the TDOT commissioner face to face. The governor has been concerned about it looking like a fair only project and that is why we need both mayors to share with them the everyday need.

Director Smith stated he has one more thing we need a motion on the bathroom in the back. There is a pad in the back where we have fenced off for the helicopter. That is the site we picked to put a new bathroom. We can't pinpoint the exact spot until the architect and so forth. It could be moved a little bit. We want to go ahead and get it bid out. For \$325,000, we can't build the size bathroom we've got by the covered arena but if we cut out the showers, we can probably match what we've got with the good bathrooms. Need a motion to move forward so it can be put out to bid. That will come out of the state fair money. Mr. Comer said we do need to go ahead, we have needs for several new bathrooms. We do need to get started. We have needs for 3 or 4 more bathrooms. Mr. Haley asked if there is going to be enough water pressure. Commissioner Evans asked if there is a need for the showers. Mr. Smith stated I think that will fine. Commissioner Glover made a motion to proceed with putting the restroom out to bid. Commissioner Evans seconded the motion. Mr. Tomlinson asked this bathroom will be located where that it will be tied into the main sewer where it will be gravity flow. Mr. Smith said yes. Mr. Haley said he

thought the other bathroom was having trouble with water pressure – will it be in line with that one. Mr. Smith asked are you talking about bathroom #6? Mr. Haley said yes. Mr. Smith stated it has a lot of problems. Mr. Haley said I thought it was water pressure problems. Mr. Smith stated he has been working just about every Sunday trying to get in touch with people. There is about 10 or 12 people to come across the church property with water. I can't get them to agree. Met with Conrad this morning. Asked him for an estimate if we come across with it and take it back the other way because we got to have that water back there. Because of the carries back there. They brought a tank in and all kinds of issues with that. We need to get that line put in and hopefully have a meeting with Randall Clemons and Promotions to see how much they are willing to help us put that pipe in. The line needs to be put in because we can't develop that area without the water pressure. A major line will be put out front, Conrad got that bid. That will really help us with the pumps. When the pumps go out, the commodes will not flush so all we can do is lock the bathrooms which happened two days of the Fair. We don't need that to happen. What happens is there is not enough volume coming from the front, the pumps boost the pressure if the water isn't coming in full blast, it will heat the pump up and shut down. It takes 1.5 hours to cool down so it can restart. The big pump in front of the East/West had to be replaced after the fair. Conrad was awarded the bid and we hope they can complete it before the fair next year. When you shut down and have 130,000 people here with ½ of the restrooms shut down it is a major problem. All we could do was apologize. The ag center and sheriff department has a lot of cameras here on the grounds.

Commissioner Jones asked about the water, Jimmy when we bring that new line in does it solve our water problems. Mr. Comer stated that is a Quintin question. Mr. Smith stated we won't really know. There are water lines going everywhere but once we get the volume not sure if it will cause problems, but it will save us from burning the pumps up. Commissioner Jones stated what I am asking you is will we have enough volume of water between the two to run this place. Mr. Smith I can't guarantee because we may have to replace lines. Mr. Jones I am not talking about lines, will you have the ability to draw enough between the two. Mr. Smith said off Peyton Road we know we will. Commissioner Jones stated the reason I am asking is because most of the large places have some type of tank, just like the tank at the racetrack. So, is that something we have ever considered? I know it would be a huge expense. I am not saying this is something we need to do now just something we need to think about. Mr. Clark said that it gets into a big expense, keeping that water turned over periodically. It would be something you could consider and look at whether feasibility and cost. It would be better to put that line in and see where you have to go from there. Mr. Comer stated he would like to think with the front line and coming off of Peyton Rd that 90% of our problem would be solved. I am not an engineer, but I think we will make long strides to fixing it I wouldn't make any guarantees. Commissioner Evans stated but looking to the future. After much discussion, the conversation ended by statement of it might be worth looking at for the future.

Chairman Scruggs asked if Mike Jennings needed to speak. County Attorney, Mike Jennings stated he was just here if we needed him.

Commissioner Glover made a motion to adjourn. Commissioner Hobbs seconded the motion and passed unanimously.

Respectfully submitted,

Those members present were County Mayor Randall Hutto and County Commissioners Bobby Franklin, Terry Scruggs, Chad Barnard and Chris Dowell being all the members of the Board. The minutes of the December 2, 2022 meeting were presented. Motion to approve the minutes as printed was made by Commissioner Scruggs, seconded by Commissioner Barnard, and carried unanimously.

No one appeared as a delegation.

County Attorney Jennings advised he had no legal report.

Landfill Superintendent Cindy Lynch gave the Solid Waste Report for the month ending December 31, 2022. In landfill activity, 1,687 cubic yards were hauled to the Class 3/4 Landfill, down about 7,000 cubic yards over the same period of time a year ago. Revenue for the month was \$30,360.00, down approximately \$50,000.00. Year to date revenue is \$399,214.60, down approximately \$3,100.00.

In collections and hauling, 1,349.96 tons were hauled to Smith County, down approximately 8 tons. Tipping fees were \$47,248.60, down approximately \$300.00. Year to date tipping fees are \$270,915.15, down approximately \$11,000.00.

Recycling tonnage for the month totaled 267.46 tons, down approximately 27 tons. Revenue for the month was \$12,422.14, down approximately \$27,000.00.

There were 394 pulls from the convenience centers during the month of December, down 93 from the same period of time a year ago.

Superintendent Lynch presented a Budget Amendment Request for the Landfill from Sanitation Fund 207. Motion to recommend this to the Budget Committee was made by Commissioner Barnard, seconded by Commissioner Franklin and carried unanimously. Superintendent Lynch noted that this can go to the County Commission in February.

Superintendent Lynch advised that the landfill is about to start back recycling paint but only oil based paint. Latex paint will not be accepted. This will occur at the Landfill and the State picks up the cost but they do require us to put limits on what and the amount that can be accepted.

Superintendent Lynch discussed with the Board Saturday Landfill hours. Last year we were open from April to September each Saturday from 8 a.m. to noon. Many Saturdays there would be only 2-8

people use this service. She inquired about whether the Board would like to not provide this service this year. After some discussion, motion to suspend offering this service until we get complaints was made by Commissioner Dowell, seconded by Commissioner Barnard and carried unanimously.

Motion to approve the Landfill Superintendent's Report was made by Commissioner Barnard, seconded by Commissioner Scruggs and carried unanimously.

There were no delegations to appear before the Board with regard to Stormwater.

Director James Vaden then presented the Stormwater Director's Report.

There were 41 final inspections, 45 initial inspections, 10 compliance site visits, 5 complaints and 7 plat plan reviews. Overall, our inspection numbers are down about 75 below average.

Director Vaden discussed with the Board issues with inground pools. He does not have problems with the above ground but the inground installation can sometimes create problems such as erosion control. He asked if the Board would be interested in requiring anyone installing an inground pool to obtain a stormwater permit. The fee is \$214.00.

Questions were asked if the Cities of Lebanon and Mt. Juliet require a stormwater permit. Mayor Hutto asked Director Vaden to check with Lebanon and report back next month.

Director Vaden advised that Wilson County Stormwater will be participating in the annual Wilson Bank and Trust Builder's Expo February 10 and 11.

Motion to approve the Stormwater Director's Report was made by Commissioner Barnard, seconded by Commissioner Dowell and carried unanimously.
